
GENERAL INFORMATION

KENTUCKY TRANSPORTATION CABINET FORMS REGISTRY 2005

The KYTC *Forms Registry 2005* lists the numbers, titles, and sources of the 659 Transportation Cabinet forms, 33 percent of which are available electronically. The Policy Support Branch of the Department of Administrative Services is responsible for the administration of the Cabinet's forms program, which includes:

- Ø Designing and revising only electronic forms using the OneForm PLUS™ software by Amgraf, Inc.
- Ø Assisting customers in the use of electronic forms
- Ø Maintaining the files of all Cabinet forms (both electronic and paper)
- Ø Assigning official numbers to all new forms (both electronic and paper)
- Ø Approving the printing of all paper Cabinet forms that do not exist in approved electronic format
- Ø Abolishing obsolete forms

Note: Questions about the following are to be directed to the form owner (office/division from which the form originated), not to the Policy Support Branch:

- Ø Appropriate form to use
- Ø Content of a form
- Ø Data being captured

To determine the owner of a form, follow these steps: From the open form, (1) click on *Help* in the menu bar, and (2) click *About*. The splash screen gives the name of the form owner.

GENERAL INFORMATION

Location of Electronic Forms

For use by Cabinet staff, the electronic forms appear in the E-FORMS directory on the N drive in the Central Office and the servers in the twelve highway districts. For remote sites, such as maintenance garages, the electronic forms appear via the FTP server. For use by the general public, the electronic forms appear in a central library on the KYTC Forms Management Program Web page (<http://transportation.ky.gov/kycl-forms>).

Many of the forms used by the Cabinet staff and by the general public are available in two formats: electronic (E-Forms) and Internet (I-Forms). The Cabinet's form designer publishes E-Form files to the E-FORMS directory for use by the Cabinet staff and publishes both E-Form and I-Form files to the KYTC Forms Management Program Web page in the appropriate libraries for use by the general public.

Difference in Using E-Forms and I-Forms

- Ø E-Forms require the one-time download and installation of the free 32-bit client software to open and use the individual executable (exe) file for each form. With E-Forms, the user can save or retrieve data.
- Ø I-Forms do not require the download and installation of the free 32-bit client software. Users access and complete the forms by using their Web browsers. With I-Forms, unlike E-Forms, the user cannot save or retrieve data.

Some forms (16) not owned by the Transportation Cabinet but available in the OneForm Plus™ software through the Kentucky Forms Management (KFM) Statewide Program appear within the E-FORMS desktop icon so that Cabinet staff may use these forms in the same manner they use the Cabinet's electronic forms.

Note: Once a form is published into the E-FORMS Program, any current Microsoft Word™ or Excel™ version of the form is no longer valid. The version maintained in the E-FORMS Program is the Cabinet's official version of the form.

Quick Guide to Electronic Forms

- Ø On a form the letter "E" is attached to the form number to indicate the form is now a part of the electronic forms program and can be found in the E-FORMS desktop icon.
- Ø Continuation pages are electronically included with the first page of a form. For example, tc7830.exe includes the TC 78-30 and the TC 78-30a.
- Ø The free 32-bit client software is installed and upgraded by opening the E-FORMS desktop icon. Users can access the E-FORMS Program by using the E-FORMS icon in the NAL Window or NAL Explorer.
- Ø These electronic forms or data files cannot be opened in Word™ or Excel™. The forms or files will not work; the result is merely "garbage"—symbols, lines, boxes, etc.

Designing Electronic Forms

GENERAL INFORMATION

The form owner (office/division) is to initiate the development of a form. The form owner is also responsible for contacting other areas of the Cabinet that may use the form and for submitting it to the Policy Support Branch for review, approval, and assignment of a form number. The branch then designs the new form electronically, using OneForm Plus™, and then forwards the electronic draft for review and approval to the form owner. Upon approval of the draft, the branch publishes the electronic form to the E-FORMS Library. Currently, the branch designs only electronic forms and only in OneForm Plus™, not in Word™, Excel™, or any other software program.

Revising Electronic Forms

The form owner requesting a revision of an existing electronic form is to clearly note the changes in red ink and submit the revised form to the Policy Support Branch. The form owner is also responsible for contacting any other areas of the Cabinet that the revision may affect. The branch will prepare an electronic draft of the revised form and then submit the electronic draft to the form owner for review and approval. Upon approval of the draft, the branch will publish the form to the E-FORMS Library.

Abolishing Forms

The Policy Support Branch conducts an annual forms analysis to identify forms that have become obsolete. The form owner (Director/Executive Director) is to notify the Policy Support Branch in writing to request that a form be abolished. The branch then abolishes the obsolete form and its official number. The form owner may request an abolishment at any time.

Printing Forms

If a form is available as a KYTC E-Form (OneForm Plus™), the user may print a camera-ready copy using the form in the E-FORMS Library. The user is to complete the form TC 76-501, *Offset Printing and Quick Copy Request*, and forward it to the Division of Property and Supply Services.

If the form to be printed is not available in the E-FORMS Library, the form owner is to complete the form TC 76-501, *Offset Printing and Quick Copy Request*, and forward it, along with a copy of the form, to the Policy Support Branch. After review for compliance with Cabinet's guidelines, the branch will submit the form and print request to the Division of Property and Supply Services.

Ordering Forms

This registry lists the source of each form. Forms stocked by any other office or division are to be requested through that office or division. Forms printed by external vendors are to be requested on the form TC 76-601, *Requisition*.
